EXPLOSION OF BOMB CREATES EXCITEMENT

While Crowd Was Following Wagons Report Came.

ALLEGED CULPRIT IS ARRESTED

The Strike Situation in Chicago Has Reached an Acute Stage—Rioting Continues Despite Federal Court Injunctions and Heavy Guards.

Chicago, May 8.—Suspected of throwing a bomb under an Adams Express wagon, Julius Hilderbrand, is under arrest, charged with deadly assault. He is also accused of violating injunctions of the United States circuit court. The alleged bomb throwing took place last night at DesPlanes and VanBuren streets.

The scene of the explosion was half a dozen squares due south of Haymarket, where the celebrated bomb throwing of the anarchists took place 19 years ago almost to a day. When last night's explosion occurred a number of policemen were guarding the express wagons which were enroute from the United States express company's station at DesPlanes and Chicago, and Milwaukee and St. Paul tracks. The wagon was being escorted through the streets amid riotous scenes. Many times the police had been forced to use clubs and threatened persons who followed and threw stones, sticks, pieces of coal and bottles at the nonunion drivers.

On both sides of the wagon were copies of the injunction issued to seven express companies by Judge C. C. Kohlsaat of the United States circuit court for bidding all interference with the business of the express companies. At times the police pointed to the injunctions and warned persons in the crowd against violating the injunction and incurring danger of being held for contempt of the federal court. The action had a good effect on the crowd which generally ceased for the time the throwing of missiles, but continued to follow the wagon.

At VanBuren and DesPlanes streets a street car blocked progress of the wagon.

The police cleared the obstruction only to be encountered by a crowd of 1,000 persons, wsich rapidly swelled to 2,500 or more. All traffic at the corner was stopped, the police meanwhile vainly endeavoring to disperse the crowd.

Soon persons living in the buildings in the vicinity began to throw missiles. The crowd followed suit and in a short time the air was filled with pieces of crockery, old soal shovels, oil cans and even dishes. The police did their utmost to stop the rioting but were overwhelmed.

Suddenly while the rioting was at its fiercest and the crowd kept pressing closer to the wagons, a deafening sound was heard, and a flash was seen under the express wagon. Smoke poured from under the vehicle and the crowd fell back.

"Bomb!" "Bomb!" "Run for your life!" was the cry that was taken up by the crowd.

A riot call from DesPlanes street station was answered by a wagon load of patrolmen to the scene and an immediate transformation from the fighting, swearing mobs of a minute before and now "quiet, subdued and much diminished crowd" that pressed toward the express wagon.

A general search was made for the persons who threw the deadly supposed bomb, members of the crowd assisting. Many detectives were scattered about and soon Hilderbrand was arrested. Later two men named James Rogers and Henry Pfeiffer were arrested.

Examination of the express wagon at the company's stables shows it was but slightly damaged.

Police Inspector Wheeler denied today that it was a genuine case of bomb throwing. He especially threw doubts on statements that there had been an explosion and maintained that vitriol, not dynamite, was thrown.

The driver of the United States Express company's wagon, John Sorner, unlike Inspector Wheeler, entertains no doubt that there was an explosion. Sorner, whose clothing was covered with a pungent blue-colored acid, says:

"Whatever it was I have a big mark as a result on my leg. There was a loud report, and I believed a bomb had been thrown. The prisoner Hilderbrand is a letter carrier.

No More Negroes Employed.

Sheriff Thomas E. Barrett today, after making a tour of the shopping district, said:

"The serious trouble seems to be over. The strike situation is now well in the hands of the authorities, and I look for a continuation of comparative quite and tranquility I am glad that the employers have decided not to engage any more negroes. When I was brought into this matter for conference I unhesitatingly informed the merchants that the use of negroes for strike breakers was causing more rioting than any other factor in the fight to win from the unions."

GETS $380,000 FROM UNCLE SAM

Vanderbilt Wins Suit Against Government Over Income Tax.

Washington, May 8.—The commissioner of internal revenue has approved a claim against the government for $380,000 in behalf of William K. Vanderbilt and others as executors of the estate of Cornelius Vanderbilt who died in New York in 1899 leaving a will and a personal estate valued at about $19,000,000.

The will provided that certain interests should be held in trust for the benefit of Alfred G. Vanderbilt, who was to receive half the estate when he became 30 years of age and the remainder [illegible] reached 35. The right of Alfred G. Vanderbilt was appraised at $5,119,612.

The commissioner of internal revenue ruled that the entire interest should be assessed as a vested estate and that legacy tax should be paid. The executors paid to the internal revenue bureau $311,681 under protest and took the case to the United States courts, which recently decided that the executors were right, and gave judgment for $180,000.

FRENCH MINISTER WILL RESIGN.

Differences Between Premier Rouvier and Delcasse Cause Retirement.

Paris, May 8.—Owing to the recent reports that M. Delcasse intends to resign as a result of the differences with Premier Rouvier over Foreign affairs, the foreign office today made a specific statement to the effect that the best relations exist between M. Rouvier and M. Delcasse, and that the latter has not any present purpose of retiring. This was called out by a rather sensational and explicit assertion in the Figaro as follows:

"Owing to disagreements between the premier and minister of foreign affairs the latter's resignation is expected soon. M. Rouvier desiring to take an active part in the conduct of foreign affairs has not received the co-operation of M. Delcasse in learning the status of past negotiations nor the character of future negotiations. If M. Delcasse's resignation occurs, M. Rouvier will call as his successor a fuctionary having a distinguished career for whom he holds the highest personal esteem."

The Belasco theater where she has been playing has been closed. Mrs. Carter was stepping from her carriage when the horses started and she fell to the sidewalk. She probably will not be able to appear again for some time. Three tendons of the left ankle are said to be badly wrenched.

Dynamite Explodes in New York.

New York, May 8.—The explosion of a one-pound box of dynamite in an excavation on Westover avenue, the Bronx, has wrecked five flat houses adjoining and injured half a score of persons. One woman, Mrs. George W. Webster, it is said, may die.

DESPONDENT WOMAN COMMITTED SUICIDE

Upbraids Man In Letter Before She Ended Her Life.

RESIDED AT THE FINEST HOTEL

Apparently the Couple Was Happy and the Woman's Tragic Death Revealed Her Secret—Former Home in City of New Orleans.

New York, May 8.—A handsome woman about 28 years old, who was supposed to be Mrs. J. W. Gray, of New Orleans, attempted to commit suicide early today in a room at the Hotel Imperial by shooting. She was found in an unconscious and extremely serious condition, and was removed to a hospital. The surgeons there say there is but little chance for recovery. Accompanied by a man a few years her senior, the woman appeared at the Imperial April 20. The couple registered as J. W. Gray and wife, New Orleans.

The woman died at the hospital without recovering consciousness.

None of the employes of the hotel remember to have seen Gray during the night, and he could not be found around the hotel at the time of the shooting. The suite occupied by the Grays was the finest on the Broadway side of the hotel.

The woman left four letters, one of these was sealed, addressed to Chas. H. Stoneham, 44 Broadway. On the back of it was written:

"I wish that no one would open this but the person addressed."

A second sealed letter was addressed to a storage warehouse, this city.

The third letter was unenclosed, and written on two sheets of paper. It appeared that one portion had been written yesterday afternoon and the other sheet early today before the woman shot herself. The letter began:

"Dear Sweetheart: When I called you up on the telephone you talked so cruelly to me that I went out and bought a revolver intending to do it then. I was brought up in a convent and my religion teaches against such things but I can't stand it any longer."

Here there was a break in the letter and when it was continued it was in a different ink. "Again and again you have disappointed me, Charley. What in God's name have I done? If you were anxious to get rid of me that were easy. Why did you have me to come to New York? Here I am as your wife. If you had said 'Ollie, I do not want you to return, I would never have done so. Well Charley, this is the last. I wish you all the luck in the world."

Here the writer seemed to have paused again, and no more seems to have been written for awhile. She resumed:

"How I am suffering! I cannot stand it any longer. It is now past 4 o'clock."

A fourth letter left by the woman was found which was addressed to "Charles Sweetheart" and read as follows:

"I love you better than my life. I love you so much, and to think I have to go and leave you—I hate so to die. What little I have after my bills are paid I wish to be sent to Olivia Parker, 1923 St. Andrews street, New Orleans. I have a lot of furniture I had shipped from New Orleans. I wish also that returned to New Orleans to Olivia Parker, a negro girl. I have no relatives."

This letter was signed "Mrs. Gray."

A bundle of letters addressed to Mrs. J. W. Gray at various places were found when the woman's effects were searched. On the back of two photographs found among her letters was written the name "Charlie H. Stoneham," the same as on the letters left by the woman.

At the offices of O. F. Jonasson & Co., mining brokers at 44 Broadway it was said that Charles H. Stoneham was a member of the firm. A member of the firm said that Stoneham was married and lived in Jersey City.

Woman Known in Boston.

Boston, May 8.—From Miss H. Stone, at No. 68 Humbolt avenue this city, it was learned that the Hotel Imperial suicide was Mrs. J. W. Gray of Chicago, widow of a former broker of that city. Before her marriage to Mr. Gray about two years ago, she lived in New Orleans, where a brother and sister still live. Miss Stone was an intimate friend of Mrs. Gray for many years. Miss Stone said that Mrs. Gray was 36 years of age and wealthy.

Well Known in New Orleans.

New Orleans, May 8.—Miss Ollv la Parker of 1923 St. Andrew street said that she had known Mrs. Gray most of her life. She refused, however, to disclose the maiden name of the deceased. She said that Mrs Gray was reared in the Ursulines convent in this city. She left her 15 or 20 years ago, and married J. W. Gray a Chicago broker. She had since then been a frequent visitor to this city and was wealthy and the possessor of much magnificent jewelry.

AN OLD LETTER DISCOVERED.

It Seems To Be a Genuine Autograph Letter of Geo. Washington.

Fort Worth, Tex., May 8.—A special to The Record from Sherman, Tex., says: "What seems to be a genuine autograph letter from the pen of Geo. Washington, has mysteriously made its appearance in the office of District Clerk J. L. Aston, among legal papers. No one could lay claim to the musty document, and all were entirely mystified by the find.

"Though yellowed with age, the letter is wonderfully well preserved. It is dated from Mt. Vernon, March 6, 1775, and addressed to Mr. M. C. Washington, near [illegible], in King George, and appears to be in reply to a letter for a loan of 200 pounds sterling. The writer says he is in need of and would gladly borrow that sum himself."

Florida Senator Sues Newspaper.

Jacksonville, Fla., May 8.—Former State Senator C. N. Brown, of Marion county, today filed notice of suit for $25,000 damages against the Metropolist, an afternoon paper in Jacksonville. Basis of the suit was from charges made by that paper that the senator accepted and rode on rail passes. Under Florida law it is a crime for senators or representatives to accept or ride on free passes and a charge of same is equivalent to a charge of crime. The declaration in the suit will be filed in June. Senator Brown was recently unseated in the senate by contest of Baskins, of Marion.

Youth Killed by Elevator.

Atlanta, May 8.—With his neck locked securely between the heavy weights of an elevator and the inside railing of the shaft, Scott Swanton, a boy 18 years of age, had his neck broken about 6 45 o'clock Friday evening at the Chamberlin-Johnson-Dubose company's store on Whitehall street. Young Swanton was an elevator boy in the building. He was on the first floor after the store had closed, trying to fix a button on the inside railing of the elevator shaft at the time of the fatal accident.

Lightning Kills Aged Woman.

Valdosta, Ga., May 8.—Mrs. Adeline Hicks, an aged widow living near Melrose, in Echols County, was instantly killed by lightning. She was in her home at about 1 o'clock, when a heavy storm came up, and she started to a window to close it. As she reached the window a bolt of lightning struck the house and passed though her body, hurling her to the floor. She never spoke after the flash came, and was dead when members of the family reached her side.

Steamship Struck by Ice Floe.

St. Johns, N. F., May 8.—The Allan line steamer Victoria Liverpool for Montreal with 1,600 passengers struck an ice floe on one mile off Cape Race at the entrance of gulf of St. Lawrence. She is unable to proceed further, the ice being packed across Cabot strait. The Purser who came ashore reported that all on board were well.

RUSSIAN WARSHIPS BURN SMALL CRAFTS

They Capture Small Sailing Vessels and Destroy Them.

JAPS WATCHING ROJESTVENSKY

They Believe the Burning of the Small Vessels a Trick to Divert Their Attention from Main Squadron—Alleged Spy Is Imprisoned.

Tokio, May 9.—Noon—As none has been sighted it is believed the larger vessels of the Vladivostok squadron accompanied the torpedo boats which appeared west of Hokkaido yesterday. It is doubted that the torpedo boats would venture across unescorted in the heavy sea which was running when they burned the sailing vessels. All the crew of this vessel except the captain, who was captured, succeeding in landing, but a steamer dispatched to the rescue of the burning derelict was forced to return on account of the storm. The Russians poured kerosene on the decks of the sailing vessels and then withdrew after having ignited the surface of the oil. The torpedo boats have not been reported today.

Russian Ships Destroy Small Vessels.

Tokio, May 8.—Four Russian torpedo boats from Vladivostok appeared westward of Hokaido, off Sutsu, yesterday. It it doubted that the torpedo boats would venture across unescorted in the heavy sea which was running when they burned the sailing vessels. All the crew of this vessel and imprisoned the captain, dispearing to the northwest. They were evidently returning to Vladivostok. There is a possibility that they have destroyed other small craft, although no reports to that effect have been received.

The object of their visit is not clear. It is thought that probably they hoped to torpedo the Japanese patrol at night and it is also suggested that the Vladivostok vessels plan a diversion to assist the fleet of Admiral Rojetvensky.

Alleged Russian Spy Imprisoned.

Singapore, Straits Settlements, May 8.—Vladimir Antoniovitch, the alleged Russian spy, who carried a passport made out in another name and who was arrested on the fortified island of Brani, and arraigned in Singapore, April 25, on the charge of being on government property without authority, was sentenced to three months imprisonment for trespassing and was [illegible] for being in possession of sketching materials in a fortified [illegible] Antoniovitch has given notice of an appeal.

Ready for Big Battle.

Fenghuah Shieng, Manchuria, May 8.—Field Marshal Oyama seems ready to assume the offensive on a large scale and activity already has begun against General Linevitch's left. This may be the prelude to another general battle. The Japanese have been concentrated and heavy columns on the Liao river and their momentarily advance divisions have been in contact with the Russians who are holding the main road from Fakoman to Bashiensehen.

On Thursday the Japanese cavalry suddenly attacked the Cossacks in overwhelming force, forcing the latter to retire. Then, supported by infantry, the Japanese advanced and drove the Russian infantry out of the village of Palatoun. A Russian reconnoitering party 20 miles further west ran into an ambush and all the party except five were killed.

Anarchist Returned to Italy.

New York, May 8.—Vittorio Jaffei, an Italian anarchist, who was recently arrested charged with being an accomplice of Breci, who killed King Humbert, has started in custody for Italy, acording to a Herald dispatch from Alexandria, Egypt. Jaffei was previously in Zanzibar, where he professed to have become a mussulman. He was tried once but not convicted. The Italian government then ordered him deported.

THE SEMINARY OUT ON DRESS PARADE

Make a Fine Showing Before the Legislative Committee.

SEE BUILDINGS AND GROUNDS

The Young Ladies Give Maneuvers With Wands, Indian Clubs and Dumb Bells—Cadets Give Battalion, Dress Parade and Extended Order Drills.

The Legislative committee, Senator A. S. Alford of Carabelle, Representative R. F. Dyal of Nassau county and J. B. Wilson of Jackson county, appointed to inspect East Florida Seminary in this city, arrived yesterday, and in company with Mayor Thomas, President Pound of the Seminary and Dr. Watkins, president of the board of trustees, proceeded to the Seminary to perform their duties.

In the course of their inspection they were taken through all the buildings. On arrival at the academic building they were made welcome by songs from the young ladies and gentlemen students, and at once began to realize the lack of room by witnessing the assembly of students in the room where all are required to be present for exercise.

Soon after the cadets were marched to the campus, where they put through a very fine battalion drill, Major Graham officer in command, Capt. Taylor, adjutant. Company A was in command of Captain Taylor, while Company B was in command of Captain Nevadahi. The cadets wore chambray shirts, campaign hats and gray trousers, the summer uniform, and notwithstanding the sultry weather, their movements were sufficiently well executed to cause many commendable remarks from the friends fortunate enough to be present at the drill. Dress parade followed with true military precision, after which Company B gave the intricate extended order drill in a manner that showed them proficient in all the movements calculated to make the soldier as he should be.

At the conclusion of the drill the cadets drew up in circle file across the campus, to show tendency of the drill grounds. They are decidedly too small, being 60x80 yards in dimensions, and when the line was drawn up it reached from fence to fence, and all were not in line, there being 130 cadets in the two companies.

After the cadets had withdrawn from the field, the young ladies of the Seminary marched to the campus, and the different companies of the physical culture department gave exhibitions of their proficiency.

Company C was in command of Miss DaCosta, which gave the exercise with wands, while Company D, in charge of Miss Mossan, gracefully manipulated the dumb bells. At the conclusion of this exercise the ladies with the Indian clubs, in charge of Miss DaCosta. The drills were all very artistically performed and the ladies were complimented for their precision. They made a very favorable impression for the instructor in charge.

It was apparent to the committee that the Seminary students were in good hands, if they were in poor buildings, and that the work impressed them favorably there is little chance for doubt.

At the conclusion of the exercises the committee and citizens acting as escort, took a drive to look over the land that has been suggested on which to erect more substantial quarters. Whatever report may be made, it is sure that the school is well managed with conscientious and able teachers, has a flattering prospect for the future, if allowed to expand, and will be a credit to the Legislature of Florida if given what is needed.

A Card of Thanks.

May God's blessing rest upon the friends who in so many ways so kindly administered to the wants and comforts of my dear wife in her long lingering illness. Every want of hers, so far as human help was able, was gratified, but the Lord in his wisdom saw fit to remove her from her suffering. But we mourn not as those who have no hope.

DEATH OF MRS. TEMPLE.

Estimable Lady, Well Known Here, Expired in Sanford Recently.

A particularly sad death was that of Mrs. L. H. Temple, wife of Captain L. H. Temple, for many years a conductor on the Cedar Key division of the Seaboard Air Line, which occurred in Sanford Wednesday night, April 26, after a brief illness.

Mrs. Temple was well known and had many friends in this city, having spent a great deal of her time here. She leaves an infant less than four months old, which is also very ill.

The Sanford Chronicle of the 28th ult. contains the following relative to the death of this noble lady:

"Mrs. L. H. Temple died at her home in this city Wednesday night. Mrs. Temple was taken Monday night with spinal meningitis and suffered intense pain until death relieved her sufferings. Mrs. Temple was the wife of L. H. Temple, connected with the Fernald Hardware Company.

"She was a devoted wife, mother and neighbor, and her death is regretted by many friends in this city. Mrs. Temple was the mother of six children, five sons and one daughter. The sympathy of this people goes out to the bereaved family in their great loss.

"The funeral services were held at the family residence yesterday afternoon at 3 o'clock by Rev. Fred Pigton of the Methodist church. The remains were laid to rest in Lake View cemetery, followed by a large concourse of relatives and friends."

The Sun, with other friends, extends sympathy to the bereaved family.

DANCING ACADEMY.

The Annual Contest of the Academy of Merriment.

On every succeeding Wednesday from three thousand (3000) to [illegible] millions of inhabitants and of every age and condition of life dance for four or five hours at Echternach, in the grand duchy of Luxemburg, to an unmistakable polka tune and an apparently sensational refrain. The central figure of this great international "springprocession" is St. Willibrord, who emigrated from Northumberland to the frontiers of the Black Forest twelve centuries ago. Emperors and kings have in vain forbidden the "feasts" at Echternach to indulge in their annual carnival.

With the peasantry of East Luxemburg and Eifel the "springprocession" is no parody today as it was in 1181, when King Lothaire came to pray at St. Willibrord's tomb. The simple minded dwellers on the banks of the Sure and the Moselle are firmly convinced that their last hope of freedom from nervous diseases in this world and eternal salvation in the next lies in this mystic dance of five steps forward and two backward, by which, after three hours' indescribable toil, they cover the two or three miles intervening between the starting point, at which the pilgrims receive the episcopal blessing and the goal at the steps of St. Willibrord's shrine.

KNOWLEDGE AND CULTURE.

The Two Do Not Necessarily Walk Hand in Hand.

High marks in examinations depend upon a trained memory and a power of rejecting irrelevant information. Culture, on the contrary, is a sympathetic assimilation of the best in the realm of thought and achievement. Culture is a slower process and a deeper, and its reward strikes further in. Assimilation of the best that has been thought and accomplished affects not merely the brain, but the character—the whole spirit of a man. Culture implies a soil plowed and fertilized, where whatever seed falls has the better chance for growth. Information even in vast quantities, so long as it remains mere information, used for purposes of passing examinations, need not affect the manners nor the morals of a man; both may remain hopelessly lax in an encyclopedian mine of facts. But culture affects primarily the manners and the morals. A cultured gentleman has external methods of getting on with his kind; he has the true sense of relationship, the feeling that all he can learn to feel or to be is not for himself, but for service; he knows himself in a network of human interrelations. In the end the test of knowledge is not examination marks; it is living.—Harper's Weekly.

The Copts of Egypt.

The Copts in Egypt are the bookkeepers and scribes; they are also the jewelers and embroiderers. Their ancient tongue has fallen into disuse and is practically a dead language. They now use Arabic, like all the rest of the nation, but the speech survives in their church service, a part of which is still given in the old tongue, though it is said that even the priests themselves do not always understand what they are saying, having merely learned the sentences by heart, so that they can repeat them as a matter of form.

New Zealand Animals.

Experts say that probably there is no country in the world where imported species of animals, wild and domestic, have flourished as they have done in New Zealand. The red deer grew to over 500 pounds in weight in the forests, the trout to twenty pounds in the rivers. The sheep have not expanded to any giant size, but they multiply at a faster rate than elsewhere. They grow a finer wool and a better mutton.

ECZEMA

Those afflicted with Eczema know what can be told of the suffering imposed by this fiend. It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the burning and itching are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery, acid poisons that are forced through the glands and pores of the skin which set the flesh aflame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured under the ordinary treatment yield to its purifying, cooling effect on the blood. GAINESVILLE CHARTER BILL PASSED

Went Through the House Monday By a Tremendous Vote.

POPULATION IS INCREASED

The New Charter Takes in Part of North Gainesville, South Gainesville and Other Suburbs, and Will Prove of Great Advantage.

It looks as though the Gainesville charter bill is a sure thing.

If we are to believe what the Senator and Representatives in the Legislature say, and they are the highest and most authentic authority, Gainesville is right now a full fledged city, with all the powers of a city municipality.

Senator McCreary at a late hour yesterday afternoon sent a telegram to Mayor W. R. Thomas, which stated that the bill, which had already received the support of the Senate, had passed the House by a vote of thirty-five to five, and would immediately be submitted to the Governor for his approval. This means that by now it has become a legitimate bill, properly passed and approved, and that Gainesville is no longer a town, but assumes city rights.

By the passage of this measure the territorial limits of Gainesville are considerably enlarged, which gives the city a great increase in population, naturally affording more prestige. More than half of North Gainesville, all of South, East and West Gainesville are taken in, which will also give the people of those suburbs the benefit of municipal advantages.

This bill has been the center of interest in Gainesville for many months. The more progressive citizens of the city and suburbs desired its passage, realizing the benefit which might be derived, while other who were not residents opposed the measure upon grounds which they thought to be reasonable. To the earnest efforts of Senator McCreary and Representative Roberts, together with the arduous and untiring work of Mayor W. R. Thomas and Robt. E. Davis, the people owe this success, and there is no doubt but that they will receive due and proper credit for making Gainesville the city which its population deserved.

Compliment to Mr. Smith.

Jas. F. Smith, the photographer, has always been regarded in Gainesville and vicinity as being one of the finest and most capable photographers in the South. Those who appreciate good work have been customers of Mr. Smith for many years, and have not only patronized him themselves, but have brought new customers.

Last the latest compliment, and one which is appreciated highly on account of the National reputation of the man, was received Friday from Hon. Lon J. Bonnecamp, the chautauqua lecturer who lives in Hamilton, Ohio, his home. Mr. Bonnecamp was here last winter to fill an engagement with the Gainesville Chautauqua. During his visit he viewed the excellent specimens of photographic work in Mr. Smith's door-yard, with the result that he was well pleased, and went for a sitting.

The pictures were delivered at the proper time, and on Friday Mr. Smith received a letter from Mr. Bonnecamp saying: "I am better pleased with the photo you made of me than any I have ever had, and have adopted this photo as my official picture. Your work will equal the best, and you may rest assured that I am well pleased, and you may place me on your list of friends in future."

This is indeed a compliment to Mr. Smith, since this famous platform lecturer travels the entire United States, has opportunities for securing good pictures enjoyed by a limited few. He knows a good photo when he sees it.

Death of An Infant.

DeWitt, the infant son of Mr. and Mrs. Elisha Sapp of Trenton, died at the home of Mr. and Mrs. H. H. Sapp Monday, and was buried at the Jennings Lake cemetery Tuesday. The baby was unusually bright, and was a general favorite among all who knew him. Sympathy is extended to the parents and relatives.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

PAINFUL PERIODS

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 312 Charlton Street East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to women. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

MEETING BOARD OF TRADE.

Little Business Transacted Other Than Making Official Endorsements.

The Gainesville Board of Trade held its regular meeting Monday afternoon.

There was a good attendance, but little business was transacted by the board.

A committee was appointed to organize a hunting and fishing club.

Burts's Directory of the City of Gainesville was discussed, and it was unanimously decided by resolution to officially endorse the work, which was realized to prove of great importance to the city.

E. L. Cashman appeared before the board, stating that he was about to publish a descriptive booklet of the city of Gainesville. This booklet, he said, would have general distribution throughout the United States, and he asked an official endorsement of the board, which was granted.

The board adjourned.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. B. Byrnes, merchant, Doversville, Texas. 25c, 50c and $1. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Will Come For Lunatics.

An attendant is expected from the asylum for the insane at Chattahoochee today, who will take in charge Mrs. L. B. Chase, High Springs, and Annie Stokes of this city, both of whom have been adjudged insane.

The former is a white lady, who was examined by a competent board of examiners and found to be demented. The latter is a colored woman who has been employed at the Easterlin House as cook, mention of which has already been made.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder disease. Sold by J. W. McCollum & Co.

Stranger Accident Befalls Youth.

Gadsden, Ala., May 8.—Guy Craig, about 15 years old, was found on Forest avenue last night with his skull crushed. He was unconscious. He is in serious condition, and physicians state he cannot recover. Young Craig was riding up Forest avenue, and he states something struck him and his mind is a blank from that time on. His skull is crushed over the left eye. He is conscious at times and he is now barely alive. He was found by passersby some time after the accident.

Merrimac Hero to Wed.

Birmingham, Ala., May 8.—Mr. and Mrs. George H. Hull, of Tuxedo Park, N. Y., have announced the engagement of their daughter Griselda Houston Hull to Captain Richmond Pearson Hobson, the weding to occur at the home of the bride's parents, May 25. Owing to the recent death of Captain Hobson's father, only relatives and a few friends will be present.

Tennessean Mangled by Train.

Knoxville, May 8.—Joseph C. Andrews, superintendent of the Andys Ridge Coal company's mine, near Coal Creek, Tenn., was run down and killed by a coal tipple train in the mine. His body was terribly mangled. He was 62 years of age and was a stockholder in the company.

No Disorders at Warsaw.

Warsaw, May 8.—Yesterday passed without disorders. Governor General Maximo Vich left the castle for a drive about the city for the first time since last week. His carriage was preceded and followed by strong detachments of Cossacks.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

All the News.

A wise editor says: "A man told us the other day that we did not publish all the things that happened. We should say not. In the first place, there is somebody else depending on us for a living. If we printed all that happens we would soon be with the angels. In order to please the people we must print only the nice things said of them and leave the rest to gossip. Yet it's a fact we don't publish all the news. If we did wouldn't it make spicy reading? But it would be for one week only; the next week you would read our obituary. All the news is all right when it's about the other fellow."

Notice.

Notice is hereby given that the Medical Examining Board for the Eighth Judicial District will meet at Starke, Fla., 10 a. m. Tuesday, May 29th, 1906, for the purpose of examining applicants for certificates to practice medicine and surgery.

A. R. Peacock of Pittsburg has congressional aspirations and $20,000,000. He's a peacock sure enough.

Had the coachman asked Andrew Carnegie for the hand of his neice, before he married her, perhaps it would have been different.

There are large numbers of Italians located in the Northern States, in the extreme portions, but nearly every other nationality of immigrants make equally as good citizens, and are as desirable for Florida.

The anti-tipping bill recently passed by the Wisconsin Legislature and signed by the Governor, will cause much sorrow among the class who receive such favors. When the people who give tips realize that for such generosity they are liable to a fine of from $10 to $500, they will heartily desist.

The Charity Edition of The Metropolis of Jacksonville, published on Saturday, was the best that paper has ever issued in the special line. The object for which it was issued is most commendable, and the effort to make an edition worthy so great a cause was accomplished in a very satisfactory manner.

The bill to require all proprietary medicines to print on their labels the amount of alcohol contained, has been indefinitely postponed in the House, and it is quite certain that will be the end of it. The law, if passed, could be evaded without much difficulty, and it would simply be another dead-letter on the statute books.

The business outlook in the South was never better than at the present time. Many new men have come to the South in recent years, and few people stop to ask whether they are English, French, German or any other nationality, so long as they are looking for business. It matters not from what country they come. If they are progressive and mean business, there is a field for thousands in the South.

It now transpires that there is strong reason to believe that Caesar Young shot himself; the doctor who performed the autopsy asserts this fact. But District Attorney Jerome prosecuted Nan Paterson almost to persecution, and has not aided his popularity in the least by so doing. The first trial was enough to convince many good lawyers of Miss Paterson's innocence, and one was heard to remark that he didn't think that she shot Young, although he deserved it.

The Woman's Memorial Edition of The Jacksonville Times-Union, published on Sunday under the direction of a committee of Martha Reid Chapter of the Daughters of the Confederacy, Veterans and Sons and Daughters of Veterans, was the most interesting special edition ever printed in Florida. It was replete with incidents of the war between the States, profusely illustrated, original poems of high merit, able editorials on the cause and effect of the events of that time, besides containing that paper's excellent complement of current news published each Sunday.

ARE GOOD FRIENDS.

The mistaken idea that there is any sectional feeling between the North and South is only brought about by a few political shysters in the land, who don't know what they are talking about, and only have a limited knowledge of the affairs in the South, which they may have acquired in a week or ten days on a visit here. Men of business from either section have no such nonsensical ideas. It is the self-constituted friends of the oppressed and lowly who send out such reports, who are too lazy themselves to work, and go into communities where they can sponge an existence from the unsophisticated.

The solution of the race problem, of which so much is heard in the papers that publish the tales of woe of these self-constituted missionaries, does not enter the head of one business man in fifty in the North. They perceive that the Southern people know better how to handle the colored people than they do, and are willing, if the matter should ever remotely enter their minds, to let the people of this country solve the problem. They—the men of business—have troubles enough of their own, without going away from home to borrow any from their Southern brethren.

The great hobby of these reformers, and their greatest complaint is, that the business man is too wrapped up in his idols to stop and consider suffering (?) humanity, when, in fact, the only sufferer is the man who goes about making trouble to gain an honest (?) living.

If these agitators would only get off the face of the earth, there would be no dissensions among the people of this broad land of ours.

STATE MEETING OF U. D. C.

The annual convention of the United Daughters of the Confederacy of Florida closed its three days' session at Pensacola on Friday evening of last week, and it was a most enjoyable event. At the election of State officers the ones of the year just closed were re-elected, with but two exceptions, as follows:

President—Mrs. H. E. Stockbridge of Lake City.

First Vice-President—Miss Azele E. Carruthers Tampa.

Second Vice-President—Mrs. Drysdale of Jacksonville.

Third Vice-President—Mrs. J. D. McCrory of DeLand.

Fourth Vice-President—Mrs. R. D. Blake of Ocala.

Corresponding Secretary—Mrs. S. Thompson of Lake City.

Recording Secretary—Mrs. Brown of West Palm Beach.

Treasurer—Mrs. Gwynne of Tallahassee.

State Registrar—Miss Mary Wittich of Pensacola.

Historian—Mrs. W. W. Carroll of Monticello.

There were invitations from several Florida cities to entertain the convention next year, but Orlando was the city decided upon when the Florida Division, U. D. C., will convene in May, 1906.

A paper says that "Carrie Nation is still lecturing." If she would only continue with "still" lectures the owners of stills would be better satisfied.

Macon Woman Commits Suicide.

Macon, Ga., May 8.—Mrs. Mary Riddle, aged 22 years and the wife of Henry A. Riddle, a painter for the Central railroad here, committed suicide here by shooting herself through the heart with a revolver. She had been suffering from ill health for over two years, and without warning to her family she procured her husband's pistol and ended her life.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

Baroness Faints in Court.

Washington, May 8.—Arraigned as Alice Nelson, the woman claimed to be the Baroness de Vorts-Salmo, of Austria, fainted in the police court after pleading not guilty to the charge of grand larceny and waiving examination. The woman entered the court room leaning on the arm of the matron of the house of detention. She was trembling as the information was read charging her with taking about $500 worth of goods from William Slater & Co. The poceedings had closed when the prisoner collapsed completely. On being revived she was taken back to the house of detention.

Dissatisfied With Her Share.

New York, May 8.—Dissatisfied with his share of the estate of his sister, the late Mrs. Charles L. Fair, Frank Smith, who has returned from Topeka, Kan., to his former home in Newmarket, N. J., after an absence ofY 25 years, is reported to be preparing a contest. A New York law firm represented the heirs of Mrs. Fair in the second settlement of her estate. It is said they received 60 per cent of the total sum and the heirs 40 per cent. Smith refuses to accept his share, about $11,000, because he did not sign any papers or agree to the terms.

Cincinnati Society to Meet.

New York, May 8.—The Society of Cincinnati, will, it is announced, hold its triennial meeting at Richmond, Va., on May 10, 11 and 12, when it will be entertained by the Virginia branch of the society. On May 10, the Westmoreland club will give a dinner to the members of the society and special guests, including the French ambassador and governor of Virginia. On May 11 the society will go to Yorktown. The final business session will be held on the morning of May 12.

Swindler Is Arrested.

St. Louis, May 8.—Wm. J. Hogue, who was arrested in Chicago, came to St. Louis from Greenville, Tex., in 1902, and with three other Texans founded the international investment company, of which he became manager. The concern suspended payment Feb. 12, 1903, and following the exposes general investigation by both city and federal authorities of the so-called "get-rich-quick" enterprises, Hogue was indicted. He disappeared immediately, the concern suspending.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

U. D. C. CONVENTION AN ENJOYABLE AFFAIR

State Meeting Passed in Pleasant and Harmonious Manner.

MRS. STROBHAR'S REPORT

It Was an Able and Excellently Prepared Document, and Elicited Much Favorable Comment—Daughters Treated Well by Pensacolains.

Editor Sun: The tenth annual convention of the Florida U. D. C. was one of the most interesting and profitable in the history of the Division. Nothing occurred to mar the pleasure of the convention, and our beloved president, Mrs. H. E. Stockbridge of Lake City, presided with a grace, ease and impartiality which still further endeared her to each of us.

There were several very interesting Chapter reports, but it is a source of pride to be able to say that the report of Kirby Smith Chapter, rendered by our esteemed president, Mrs. Strobhar, and read by her to the convention, received the most complimentary criticism, The Pensacola Journal doing us the honor to request a copy for publication.

The report of J. J. Finley Chapter, rendered by Mrs. W. B. Taylor, president, showed much good work done during the yast year. Mrs. Taylor also presented, on behalf of the above Chapter, resolutions commemorative of the late lamented General J. J. Finley, which were adopted by a rising vote.

On motion of Mrs. McNelty of Jacksonville the President appointed a committee of three to confer with the commissioners in charge of the erection of the Olustee monument to decide as to whether sufficient funds are on hand to erect the same. The Division is anxious to proceed with the work.

The only amendment to the constitution which was adopted provides for the payment of the per capita tax the first of April, instead of the first of January.

The Pensacola people cannot be excelled for their hospitality: all delegates were freely and royally entertained by the local Chapter, the Confederate Veterans were especially attentive and gave us a delightful excursion on the bay to Santa Rosa Island, while the receptions at the Osceola Club by the Daughters, and at the Country Club by Mr. and Mrs. Green, were highly enjoyed.

Each and every one of us will always treasure the memory of our visit to the Deep Water City, and its good people will forever find a soft spot in our hearts. MRS. H. H. MCCREARY,
Chairman Kirby Smith Delegation.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." SILENT SUFFERERS.

Modest Women Suffer in Silence Rather Than Consult a Physician.

A sense of modesty frequently prevents women who are really sick and suffering from seeking the aid of a physician. They do not even care to consult their family doctor. They know that they are sick; that their periods are painful; that in all probability they are suffering from ovarian tumors, or that they have those dragging pains which always point to prolapsus or falling of the womb. They know they need help, yet do not know how to obtain it.

To such we speak in candor and in honesty. G. F. P. (Gerstle's Female Panacea) will positively cure all such conditions, no matter of how long standing or how stubborn.

This is gospel truth, attested and proved by the grateful testimony of thousands of women who have been rescued from lives of sickness and sorsow by G. F. P.

"Ah!" you say, "but perhaps it won't do any particular good in my case."

Well, try it at our expense. Buy a bottle from our druggist, or if he cannot supply you, send $1.00 to the Gerstle Medicine Co., Chattanooga, Tenn., and they will send it prepaid. Take it as directed, and when the bottle is finished, if you can conscientiously say you have not been benefited, your money will be returned instantly by the man from whom you bought it.

This is a very different proposition from paying your physician large fees, whether he helps you or not.

If you think your case presents any unusual conditions demanding special treatment and you would like advice, write to the Ladies' Health Club, care of Gerstle Medicine Co., Chattanooga, Tenn., and your letter will be answered by sympathetic women who have your welfare at heart.

WALDO SCHOOL CLOSED.

After Successful Term School Closed On Friday.

After a successful term of eight months the Waldo school came to a close Friday afternoon. The school has prospered under the direction of Prof. J. Henderson Coffee, who is one of the most efficient teachers in the county, and the patrons appreciate his efforts, as well as the efforts of his assistants, who have worked in perfect harmony.

At the beginning of the scholastic year Prof Coffee had decided not to engage in teaching for the term, having accepted a lucrative position elsewhere. However, Prof. Ormand, who has been assigned to the Waldo school, decided to remove to another county, and the school which is one of the best in the county was tendered to Prof. Coffee. He gave the matter thoughtful consideration and finally decided to accept the position, and the people have since felt glad, for the school has been conducted on high and moral lines, and Prof. Coffee may well feel repaid for his services.

The commencement exercises of the school began last night, and will close tonight.

Senator Alford is Pleased.

Senator A. J. Alford and wife of Carrabelle are at the Brown House. Senator Alford is a member of the Legislature from Franklin county, and came here as a member of the committee to inspect East Florida Seminary. He is well pleased with Gainesville and the Seminary, and declares it to be one of tho finest "moral and educational cities" he has ever visited. "I was very much impressed not only with the school, but the general appearance of the city and the people as well," he said. "Everybody has treated me nicely here, and I feel sure that my colleagues will say the same thing. Gainesville is the proper place, and I am glad to see my friend Mr. Coombs, of Apalachicola, sending his children here. The school and the city and the people are all right, and you may feel sure the committee is friendly to them."

Bryan's Father-in-Law Dead.

Lincoln Neb., May 4.—John Baird, father of Mrs. William J. Bryan, died at the Bryan home near this city today. He was 82 years of age and had been failing steadily for several years. Mr. Baird came to Nebraska about the time the Bryans came and was from Salem, Ill.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

Attention, K. of P.

Attention is called to the regular weekly meeting of Mount Vernon Lodge No. 20, Knights of Pythias, which will be held in the lodge room over Dutton's Bank at 8 o'clock this evening.

There will be work in the Rank of Page. A full attendance is desired. The electric fans have been installed, and comfort is assured. We have a good team for work, and an interesting evening will be spent by those who attend. J. A. FRIPP, C. C.
W. R. MCKINSTRY, K. of R. & S.

A PECULIAR MAN.

His Name Was Lazarus, and He Had a Peculiar Experience.

"In one of my voyages from Cape Town to England," writes a traveler, "I shared my cabin with a peculiar man, whose name was Lazarus. He made me promise that if he should die during the voyage I would prevent his burial at sea. He said that on a previous voyage he had fallen sick and was taken for dead and put into a sack for burial. A quartermaster had been put on to watch the body until it was time for the funeral. When the burial party arrived the quartermaster informed the captain that he thought the body had moved in the sack. The sack was opened, and Lazarus eventually came to life again. Such was the story Lazarus told me. Lazarus was a thin man with a sallow face. He had an enormous appetite and appeared at every meal, to which he devoted his whole energies. The good feeding only seemed to add to his corpselike appearance. One evening, sure enough, when we were about halfway to our voyage's end, he apparently died again. The doctors took him in charge this time, however, and he came out of his trance without any slotted sack episode. He was met at the London docks by a number of relatives and friends, all of whom looked as if they might be suffering from the same complaint."

Brain Workers.

Brain workers suffer from headache because they over-tax and exhaust the brain nerves.

Tired, irritated, turbulent brain nerves throb and ache; this weakens the brain power, and robs the memory.

Dr. Miles' Anti-Pain Pills bring tranquility to the excited nerves and stop the pain.

If not relieved, this nerve disturbance is frequently extended to the stomach, causing nausea, vomiting—sick headache.

Dr. Miles' Anti-Pain Pills are convenient to take—just a little tablet, that in a few moments relieves the pain; they leave no disagreeable after-effects, as they contain no opium, morphine, cocaine or chloral in any form.

"From personal experience I can testify that Dr. Miles' Anti-Pain Pills are a most excellent remedy for headache and neuralgia. I have been a great sufferer from both diseases for the past three years. A friend who had also suffered from neuralgia handed me some of the Anti-Pain Pills. I took them and they gave me almost instant relief. Since then I have a package at home, and another at the office, and they never fail to relieve me." H. V. MEGARY,
937 S. Sawyer St., Chicago, Ills.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

The Lee county people have commenced the good roads movement in earnest, and $100,000 will be the amount raised for that purpose.

The Dade County State Savings Bank at Palm Beach first opened its doors May 1st, 1893—twelve years ago, and was the first in that county.

The first Florida State Convention of the Benevolent and Protective Order of Elks will convene in Ocala on May 17. The State organization of Elks was perfected in Tampa last fall and Ocala was selected at that time as the place of the first annual meeting.

It is announced that Jim Ahn, the famous Tampa detective, who captured the burglar, Frank Duncan, seems to be some what of a crook himself. He left the employ of the city of Tampa last week, and two days later, in Jacksonville, married Miss Rosa Alexander, a 17-year-old girl of Tampa, who ran away with him. It now develops that Ahn's real name was Ashburn, that he already had a wife in Tampa and another in Virginia, and that he has served a sentence in Missouri. He and his new-made wife have gone to Kentucky.

Cleared for Action.

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At all drug stores, 25c.

Hung Wife to Transom.

Louisville, Ky., May 8.—Rev. U. G. Sutherlin, formerly pastor of the Park Christian church at New Albany, Ind., was arrested at Silver Grove, Ind., on a warrant charging him with the murder of his wife. Last October the body of Mrs. Sutherlin was found hanging from a transom in her home and it was supposed to be a case of suicide. Mrs. Sutherlin's father, however, made information before the grand jury recently charging Rev. Mr. Suthelin with her murder and the arrest followed. Mr. and Mrs. Sutherlin had not lived together for some time prior to the time when the body was found.

Why Suffer From Rheumatism?

Why suffer with rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A, writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

Arkansas Streams Overflowing.

Little Rock, Ark., May 8.—A light rain continues to fall in Central and Eastern Arkansas today. Rivers and creeks are overflowing their banks in many places causing much damage to railroads. Early planted crops have also suffered. At Pine Bluff the precipitation marks eight inches, and the bridges, culverts and houses located in the lowlands, have been seriously damaged. Hundreds of people are practically homeless, the water having risen in many houses to a depth of 3 to 4 feet.

Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise. R. N. Andrews, editor and manager Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Negro Wife Murderer Hanged.

Newnan, Ga., May 5.—Dressley Phillips, negro, who killed May Mill Lasseter, a negress, last August, expiated his crime on the gallows yesterday Phillips thanked the sheriff for the god treatment accorded him, and his last words were "Farewell, my good white friends; may the Lord protect you." Sheriff Brown sprung the trap at 12:22 o'clock and at 12:45 Phillips was pronounced dead, death resulting from strangulation. The hanging was in private.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

War on Lo[illegible] Business.

Indianapolis, May 8.—Post Office Inspector W. T. Fletcher and R. M. Hosford, have been subpoenaed to appear before the federal grand jury at San Antonio, Tex., and left for Texas today. It is understood that their testimony will be in regard to the government's campaign against the lottery business.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

New Railroad in Operation.

Montgomery, Ala., May 8.—The Alabama Central Railroad company, a new corporation, began operating its trains over the 8 miles of track between Booth Station and Autaugaville, an important interior town of Autauga county. The line strikes the main system of the Mobile and Ohio railroad at Booth, 20 miles west of Montgomery. Autaugaville has been heretofore remote from a railroad. The building of the line has covered two years. It runs through a rich cotton section, and also virgin hardwood forests. J. W. Dimmick, of Montgomery, is president of the company.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

Fatal Collision in Philadelphia.

Philadelphia, May 8.—A freight train on the Philadelphia and Reading railway crashed into a trolley car at the crossing at American street and Susquehanna avenue in the northwestern section of the city this afternoon It is understood that several persons were killed, and that all other passengers in the car were injured.

Standard Oil Official Indicted.

Peoria, Ill., May 8.—The grand jury at Pekin, Ill., has returned indictments against two high officials of the Standard Oil company. Requisition papers will be asked of Governor Deneen sent Monday. The names have been suppressed.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Joke on the "Prophet."

Some time in the thirties of the last century Prophet Joseph Smith, Sr., the Mormon, and a party of his followers were proselyting in Muskingum county, O. He appointed a certain day when he would show the people his wonderful powers and that he was a second Christ by walking on the waters of Mud creek. The water was always muddy. A day or two before the time set grandmother's brother Robert and a couple of neighbor boys were accidentally attracted to the Mormons working at the creek and, concealing themselves, watched the Mormons put down stakes and put planks on them from bank to bank, the plank resting about six inches under water. After the Mormons left the boys went down and took out the center plank, where the water was about ten feet deep. The next day Balaam Smith came down to the creek and, after a long exhortation, started across the creek. He was all right and on top till he came to the center, where his "powers" seemed to leave him, and he went to the bottom. This was the end of Mormonism in that county.

What Won the Girl.

It was in a subway train. On the lap of a woman, apparently her mother, sat a girl of some eighteen months. Next to them was another mother with her two-year-old son. Each woman petted the other's child, and the boy liked the attention and laughed and pranced. The girl maintained a straight face. She did not fret, nor apparently did she want to cry, but if the word can be used in the case of one so young she was bored. The petting of her own mother and of the other woman clearly had no effect. Then the little boy entered the lists. Edging up to the child, he put his arms around her neck and said, "I love 'oo!" Then it was that there broke over the baby's face the first smile that had appeared since the long subway ride from Harlem began. And as for the mothers, the usual and natural comments as to prescience followed.—New York Tribune.

Letters of Marque.

Letters of marque and reprisal, as they were called, were first issued in the time of Edward I. to give leave to retaliate beyond the marches or limits of a country for wrongs suffered at the hands of a power nominally at peace. In this first instance they were aimed at Portugal. About a hundred years later two Hanse towns in Mecklenburg, wishing to relieve their prince, who was beleaguered in Stockholm, issued letters of marque—thieves' letters, as the sufferers called them—to all the rascals of the Baltic, authorizing them to victual the besieged city. This done, they turned themselves into a confederacy of sea robbers known as Victualing brothers, or St. Vitalius' brothers, and rendered the Scandinavian seas unsafe for half a century.

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCollum & Co.

Japanese "Silent" Music.

A curious ceremony is performed in Japan by the court musicians at certain Shinto festivals. Both stringed and wind instruments are used, but it is held that no sound should be allowed to fall upon unworthy ears, and, as some of the ears present might be unworthy, all the motions of playing are gone through by the musicians, but not a single sound is heard. This strange custom dates back many generations, but since the advent of civilization has rapidly lost favor.

A New Variety.

A New York woman tells of an experience which she had recently in one of the large department stores. She was looking for some house furnishings and, walking up to one of the floorwalkers, asked where she could see the candelabra.

"All canned goods two counters to the left," answered the official guide briefly.—Harper's Weekly.

Extremes In the Mails.

Extremes sometimes meet in the mails. In a recent pile of exchanges the Yukon News from Dawson, Yukon territory, was in juxtaposition with the Isle of Pines Appeal from Santa Fe, Isle of Pines, and the Freethinker of London lay cheek by jowl with the Christian Intelligencer of New York.—New York Tribune.

Saved It.

Aunt Jane—What a man Henry is to tear and swear! You used to say he never lost his temper. Emily—Yes, that's when he was paying attention to me. Evidently he was saving until after he was married.—Boston Transcript.

Taken Unawares.

"I thought he was a confirmed bachelor, but he's engaged to Miss Capsetter."

"Well, I suppose we shouldn't be surprised. Eternal vigilance is the price of liberty."

No human being, man or woman, can act up to a sublime standard without giving offense.—Channing.
